App Name	DiamLah!	
App Description	DiamLah! is an app that retrieves a student's timetable from the Student Info API and will silent the phone at the start of every lesson and revert back to normal mode at the end of every lesson. In addition, DiamLah! comes with automatic sms reply, which will reject any call during lessons and reply with a sms that you can customize. Lastly, there is the sleep mode, which allows users to set a one-time duration, during which the phone will be silenced.

App Name	IVLE Power Pack	
App Description	<p>IVLE Power Pack is a feature-rich, easy-to-use application that runs seamlessly on Windows Phone 7. Students can view workbin files, read announcements, participate in forums or even stream webcasts. If you are a bookworm, treat it like a digital companion that allows you to view lecture notes and stream webcasts wherever you are. Or if you are a last-minute kind of student, use the app to aid you in accessing IVLE in the most urgent situation. Best of all, the app supports multiple accounts, so you can share the nice little app with your friends when they need to access IVLE desperately. Whatever kind of student you are, IVLE Power Pack is all you need on your Windows Phone 7 to have a pleasant mobile learning experience.</p>
