Detail of Employment

- **Job Scope:** Customer Service Product Management
General Store Management

- **Character of Work :** We are selling Japan's high quality jewelry, which is very rare to see in Singapore. Our commission and incentive system are fulfilling and workplace is full of excitement.

- **Requirement :** [Proficiency in Japanese](#)

Candidates will have several interviews in Japanese

Whether you have experience in the jewelry industry or not, if you love communicating and serving others, this will be the position for you. We value a perosn who can enjoy recommending different types of jewelries with excitement to customers with cheerful customer service. If you don't have any experience but simply just love jewelry, that's fine too. Please feel free to inquire us about the position.

- OJT We provide OJT for candidate who do not have previous jewelry retail experience. During the 2 months of probational period, your trainer and/or senior associates will educate you the characteristics of products and flow of customer service.

Selling Point

We operate a Japanese jewellery shop penetrated to Singapore. Our items and services which are different from other local jewellery shops makes us very unique and special. It's fun work place where cheerful and friendly staffs sell hot brand jewelry from Japan. If you enjoy customer service and/or simply love jewelry, please feel free to inquire or apply for the position.

Message from HR

Why not gain experience at an international brand shop? It will definitely allow you to gain valueable experience which can not be provided at other local shops. Surrounded by beautiful jewelry, it is a very enjoyable workplace. Regardless you have previous jewelry experience or not, we will be awaiting to hear from you!
