Totally hate squeezing in the bus and train with that heavy bag + laptop + charger in the morning rush hour?

Tired of the long and arduous "Journey to the West" of transferring from this bus to this train then to that bus and finally to the internal shuttle bus but just to reach the class late again?

Woke up late and reluctantly flagged or called a cab even though it is ridiculously expensive with all the peak hour rates + ERPs?

Well... A Cosy Express (A.C.E) is for YOU!

Specially catered to NUS and NTU students staying in the east and northeast area, A.C.E provides chartered bus services in the morning peak hour to bring you to school. We provide convenience and comfort within affordable means.
